Question 4: What kind of catering would you like to see from the pub?

Something unique that nowhere else offers

Afternoon tea at weekends. Cater for walkers and cyclists.

International food tasting specials

Child friendly with lunch

Cafe and community lunches etc running until about 8pm

Light bites menu which is easy to keep on top of but nice with a few drinks etc

Cafe style, scones, cakes etc

If not a full menu then good quality bar snacks/ small meals, bites would be great.

Takeaway service

Sunday evening

Food/Snacks served 7 days a week

Small bites

Question 6: Are there any other services you would like to see on offer at the pub? When and how would you like to see these services part of the pub's offering?

Quiz

Pls god no more cyclists. They're such a pain on weekends and frequently litter

Rather than a pub, I think the village would benefit more from a cafe or coffee shop which could be used by young people and families who don't want to go to a pub. Not everyone drinks alcohol and uses pubs these days, and the village has enough for those who do. Another useful addition to the village would be a shop that sells good quality, fresh produce including fruit and vegetables as we don't currently have this.

Being a centre for sustainable shopping. That is selling local produce, as listed, and also selling refill products such as washing liquids and dry foods, a zero waste type shop for the village. I'm sure there must be an example of a community pub incorporating this type of venture.

Motorbike meet up nights

This could be at risk of competing with our community centre which would be to it's detriment and potential demise.

Vegetarian and vegan food

Board games night
